

POWTS INSPECTION AGREEMENT

The correct operation of the below equipment significantly influences the life of the wastewater system. Periodic inspections will help extend the life of the system and prevent the need for costly repairs. This agreement authorizes access to your POWTS equipment by a trained and authorized technician during daylight hours to provide regular inspections and routine maintenance to help assure the equipment is working properly.

It is hereby agreed by and between Purchaser and _____ (Service Provider) that in consideration of the payments provided for herein, Service Provider will provide the services of a factory-trained representative to perform periodic inspections of the equipment described below. Service Provider will prepare a written report after each inspection and provide a copy of the report to the Purchaser. This report will contain recommendations for any operation and maintenance deemed appropriate by the inspector.

This agreement does not assume any responsibilities or obligations that are normally the responsibilities of Purchaser and does not extend to cover any costs that may be associated with any recommendations made under this agreement. In no event shall Service Provider be responsible for any special or consequential damages, including but not limited to, loss of time, injury to person or property or incidental economic loss due to equipment failure or for any other reason whatsoever. Service Provider may supply additional services, parts or labor only after authorization by Purchaser.

This agreement shall remain in force for a period of _____ years, beginning _____, 20____ and will automatically renew each year thereafter for one year unless canceled by either party with at least 30 days written notice. This agreement may be canceled by the Purchaser only if replaced by a service agreement with an authorized service provider for the equipment listed below. Service Provider may delay or cancel future inspections if payment becomes at least 15 days past due.

Periodic Inspections: The Purchaser agrees to pay Service Provider \$_____ per inspection for four (4) inspections for the first two years at six month intervals and one (1) inspection each year thereafter. Payment for the first two years of inspections is due at the time of installation; additional payments are due upon inspection. Any additional testing or services required by Purchaser will be billed based on time and material amounts.
